

Sunitiative

Hello we have exciting news!

This Summer, we are thrilled to announce a partnership between your Galway Co-op and Apex Solar Power.

You're already saving on fuel and now it is time to save on electricity! Apex is offering all Galway Co-op members (including friends and family) 10% off a solar system. Apex has great financing and leasing rates that make solar affordable for just about anyone. All you have to do to get started is ask your Apex representative for a free quote! Contact John at 518-527-7965 or email jfobare@apexsolarpower.com.

There will also be two open houses at the Galway coop:

1. Thursday June 9th at 6 pm
2. Wednesday June 22nd at 6pm.

RSVP back to the Galway coop is requested to ensure we have space for everyone.

Apex Solar Power is a leading regional Solar Installer in New York and Massachusetts. In 2015, Apex was awarded a Company-Wide NABCEP (National Board of Certified Energy Practitioners) Accreditation, this is the highest level accreditation a solar company can achieve, and Apex is the only NABCEP Accredited company in New York State, and one of just six in the USA.

Their experience and selection as a preferred installer for 15 community Solarize Campaigns and the #1 Rank in NY for Residential Solar Contractors by Solar Power World makes them the most qualified and reputable Solar Installer in our region, and a company that we are confident to recommend to our customers. Just as we provide the best value in fuel for our members, Apex installs only the highest quality and most reliable equipment in the world.

Apex is excited to bring a new program offering to the members of the Galway Co-op: The Sunitiative Program

The Sunitiative partnership program helps bring solar power to more individuals by providing a cost-free benefit to the members of the Co-op and their family and friends through discounted solar pricing.

Benefits of the Program:

- 10% Group Discount Pricing (after NYSERDA rebate)
- Custom designed solar powered systems designed to meet every individual family's needs
- NYS Energy Rebate, Federal and NYS Income Tax Credits as system incentives- cover up to 60% of the system cost
- Free Group Workshop Presentations and easy One on One Consultations Presented by Apex

Apex Solar Power
Corporate Headquarters
64 Main Street
Queensbury, NY 12804

PLUS:

- Thousands in long term electricity bill savings and increased property value
- Green renewable energy at the home owner and business owner level

Find out if an Apex Solar system is a good fit for you today! To get started you can attend one of our open houses or contact your Apex representative John, at 518-527-7965 or email jfobare@apexsolarpower.com.

Thank you so much for your support, and let's work together towards a better energy future.
